

SFB 960-/ BZR – Kolloquium

16. Dezember 2021, 14.00 – 15:00 Uhr
per Zoom

Catharina Schmid

Biochemie III, Teilprojekt A1

„Functional analysis of RNA polymerase I phosphorylation sites during transcription in Saccharomyces cerevisiae“

Philipp Becker

Strukturelle Biochemie, Teilprojekt A8

“Structural and functional characterization of yeast 'upstream activating factor' in RNA polymerase I transcription initiation”

Universität Regensburg
Biochemie-Zentrum Regensburg
