

# SFB 960-/ BZR – Kolloquium

17. November 2022, 14.00 – 15:00 Uhr  
im H53

## **Simone Larivera**

**Biochemie I, Teilprojekt B3**

*„Differences and similarities between AGO2- and YTHDF2-mediated gene regulation “*

## **Henri Michel**

**Mikrobiologie & Archaeenzentrum, Teilprojekt A7**

*" Single-molecule FRET measurement of the RISC loading complex reveal a hAgo2 conformation favourable for miRNA duplex loading "*

Universität Regensburg
