

RIGeL Newsletter May 2019

RIGeL News

Application & Registration Deadlines

13.-22.05.2018 | Workshop: Präsentationstraining, 11.06.2019 (registration period for PhD students of the *Graduate Research Academy* RNA Biology and the RIGeL Section CBB)

17.05.2019 | RIGeL Application Deadline

20.-22.05.2019 | Workshop: Präsentationstraining, 11.06.2019 (registration period for all RIGeL PhD students)

01.06.2019 | Application deadline - Short term research fellowships (PhD students of the *Graduate Research Academy* RNA Biology, PhD students of the RIGeL section CBB)

New office hours for the RIGeL Management Office

From May 2019 the RIGeL Management Office will have new office hours:

Tuesday | 16.00-18.00

Thursday | 09.00-13.00

Friday | 09.00 -15.00

or by arrangement

People

Alumni

[Christina Bruß](#), Section Biomedicine | PhD topic: „Impact of drugs targeting tumor metabolism on CD8 T cell effector function“, supervisor: Prof. Dr. Marina Kreutz

[Daniela Zeitler](#), Section CBB | PhD topic: „Regulation of human Argonaute proteins and its implications in disease“, supervisor: Prof. Dr. Gunter Meister

RIGeL Events

Career Supporting Events

- | | |
|------------|---|
| 08.05.2019 | Method Course, RNA Lecture Series III : TNMR-based structural analysis of biomolecules at atomic resolution, Prof. Dr. Werner Kremer (Biophysics I, Universität Regensburg), 17.00 h, H 53 |
| 13.05.2019 | Seminar, Forschung finanzieren - Antragswerkstatt – Von der Idee zum Projektantrag , 9.00-17.00 h, H 25 (Vielberth-Gebäude, VG 2.35 (Bibliothek Immobilienwirtschaft)) |
| 22.05.2019 | Method Course, RNA Lecture Series III : Computational modeling of RNAi data, Prof. Dr. Rainer Spang (Institute of Functional Genomics, Universität Regensburg), 17.00 h, H 53 |

Lectures & Talks

03.05.2019 |

Dr. Anja Spang (Department of Marine Microbiology and Biogeochemistry, Royal Netherlands Institute for Sea Research)

Title: „Archaea - how a forgotten domain illuminates the dark ages in life's evolution“

12.30 h, H 52

Host: Dr. Harald Huber, Prof. Dr. Dina Grohmann, SFB960-/ BZR-Colloquium

09.05.2019 |

Dr. David Alabadi (Instituto de Biología Molecular y Celular de Plantas (CSIC-UPV), Valencia)

Title: „Prefoldins regulate mRNA metabolism through Sm-like proteins in Arabidopsis“

14.00 h, H 53

Host: Prof. Dr. Klaus Grasser (Cell Biology & Plant Biochemistry), SFB960-/ BZR-Colloquium

10.05.2019 |

Dr. Benedikt Beckmann (Molecular Infection Biology, IRI for the Life Sciences, Humboldt University Berlin)

Title: „Novel Methods to Study RNA-Protein Interactions During Bacterial Infection“

10.00 h, VKL 5.1.31

Host: PD Dr. Jan Medenbach, SFB960-/ BZR-Colloquium

16.05.2019 |

Dr. Susanne Kramer (Biozentrum, Lehrstuhl für Zell-und Entwicklungsbiologie, Universität Würzburg)

Title: „Ancient mRNA metabolism in an ancient parasite: co-transcriptional nuclear export and non-nudix mRNA decapping in trypanosomes“

14.00 h, H 53

Host: Prof. Dr. Remco Sprangers (Biophysics I), SFB960-/ BZR-Colloquium

16.05.2019 |

Prof. Dr. Peter Robin Hiesinger (Freie Universität, Berlin)

Title: „Brain Wiring on the Fly“

17.15 h, H 53

Host: Prof. Björn Brembs (LS für Entwicklungsbiologie), Zoologisches Kolloquium

23.05.2019 |

Prof. Dr. Melinka Butenko (University of Oslo)

Title: „The IDA peptide modulates cell separation and immunity in Arabidopsis“

11.00 h, DE.2.121

Host: Prof. Dr. Thomas Dresselhaus (Cell Biology & Plant Biochemistry), SFB960-/ BZR-Colloquium
